Welcome to Grant Thornton UAE

Grant Thornton UAE has stood alongside the region's most dynamic businesses for nearly six decades, helping them grow confidently, navigate change and unlock opportunities. Our focus remains clear: enabling growth for our clients, our people and the economy we proudly serve.

Our evolution has never been driven solely by trends. It's guided by what our clients tell us matters most: clarity, consistency and trusted relationships. These insights continue to shape how we lead, deliver and go beyond.

Founded in 1966 as a homegrown firm, we've grown into a firm of over 700 professionals, representing over 50 nationalities and serving a diverse client base across sectors. From government-linked institutions and listed entities to family businesses and founder-led companies, we support decision-makers who are future-focused and act with purpose.

Today, we're proud to be part of a new multinational platform led by Grant Thornton Advisors LLC. This strategic milestone expands our global reach, enhances our cross-border capabilities and reinforces our commitment to agile, seamless service across borders. It also reflects who we've always been: a firm built on trust, grounded in values and driven to go beyond.

As the UAE continues its rise as a global hub for investment and innovation, we remain fully aligned with the nation's future ambitions. Through our Global India growth hub, nationwide presence across the Emirates, and global network spanning more than 150 markets, we are uniquely positioned to support businesses entering the UAE and those expanding abroad.
