In-Country Value Program

ICV Certification for Suppliers

Background

The ICV program ensures that certified suppliers are delivering services to the benefits of the national economy as well as to further support the Emirate's economic diversification and Emiratisation Strategy.

The ICV Program was launched in 2018 by the Abu Dhabi National Oil Company (ADNOC) to encourage and accelerate socio-economic development, to facilitate and improve knowledge transfer and to generate jobs in the private sector for UAE Nationals. Due to the program's success, it has expanded to other sectors including:

- The Government of Abu Dhabi represented by Abu Dhabi Department of Economic Development
- Aldar Properties
- Abu Dhabi Ports
- Mubadala
- Emirates Nuclear Energy Corporation (ENEC)

Grant Thornton has been appointed as one of the independent certifying bodies and is authorised to issue the ICV certification.

A supplier's ICV rating will in turn form an integral part of the business transactions with the participating entities.
