1. Brief overview of this user guide

Suppliers of certain services are able to claim a refund of the amount of VAT which they charge on supplies of these services to their international customers. There are a number of conditions which have to be met for the ability to reclaim the VAT to arise, including that the supplier should not collect the VAT component from the relevant international customers. The effect of these rules is that the international customers will not bear the cost of VAT when acquiring qualifying exhibition and conference services.

The services which fall under this refund scheme are the services of:

- a) granting the right to occupy space for the purposes of conducting an exhibition or conference; and
- b) granting the right to access, attend or participate in an exhibition or conference.

This document provides guidance to both supplier of qualifying services and their customers in respect of the following:

- Licensing process and licensing application form for suppliers of exhibition and conference services. Please note that different processes may apply depending on the nature of the services that suppliers provide.
- Service request process which need to be followed by international customers in order to receive services with the VAT refund from licensed suppliers.
- Filing Tax Returns by suppliers.
- Registration requirements for international customers.

2. Definitions

The following terms are used throughout the guide:

- **Authority:** Federal Tax Authority (FTA)
- **Goods and Services:** goods is physical property that can be supplied including but not limited to real estate, water, and all forms of energy as specified in the Cabinet Decision No. (52) of 2017. Services is anything that can be supplied other than Goods.
- **Exhibition and Conference Services (Services):** Grant of the right to access, attend or participate in an Exhibition or Conference or the grant of the right to occupy space for the purposes of conducting an Exhibition or Conference.
- **Exhibition:** Any event held, for no longer than **7** days, to display, show or present Goods or Services, in accordance with a permit issued from the competent government entity.

- **Conference:** Any formal meeting held, for no longer than 7 days, attended by people with a shared interest, in accordance with a permit issued from the competent government entity.
- **Supplier:** Licensee by the Authority to provide Exhibition and Conference Services in accordance with the procedures and conditions specified by the Authority.
- **Recipient (International Customer / Customer):** Person to whom Exhibition and Conference Services are supplied or imported.
- **Registrant:** The person who has been issued with a Tax Registration Number.
- **Tax Period:** The specified timeframe, for which Payable Tax shall be calculated and paid.
- **Tax Return:** Information and data specified for Tax purposes and submitted by a Taxable Person in accordance with a form prepared by the Authority.
- **Place of Establishment:** The place where a Business is legally established in a country pursuant to its decision of establishment, in which significant management decisions are taken or central management functions are conducted.
- **Fixed Establishment:** Any fixed place of business, other than the Place of Establishment, in which the Person conducts his business regularly or permanently and where sufficient human and technology resources exist to enable the Person to supply or acquire Goods or Services, including the Person's branches.

3. Mechanism of the refund

3.1. References in the Law and Executive Regulation

Article 75(5) of the UAE Federal Decree Law No (8) of 2017 on Value Added Tax ("Law") and *Cabinet Decision No. (26) of 2018 on the Refund of Value Added Tax Paid on Services Provided in Exhibitions and Conferences* provide the legal basis for the refund scheme for Exhibition and Conference Services.

3.2. How does it work?

The Supplier providing the Exhibition and Conference Services will charge VAT at 5% in respect of the Services. However, in certain situations, the Supplier will be able to refund the VAT amount that it charges on the Services as long as the Supplier does not collect the VAT amount from the International Customer – therefore, in effect, passing the benefit of the refund to the International Customer by ensuring that UAE VAT is not a cost to the Customer.

The following conditions must be met for the supplier to be able to claim the refund from the FTA:

1. The supply is of Exhibition and Conference Services – that is, either of the grant of the right to access, attend or participate in an Exhibition or Conference or the grant of the right to occupy space for the purposes of conducting an Exhibition or Conference.
2. The recipient of the Exhibition and Conference Services does not have a Place of Establishment or a Fixed Establishment in the State.
3. The recipient of the Exhibition and Conference Services is not registered for VAT or required to register for VAT in the UAE.
4. The Supplier has obtained a written declaration from the recipient confirming that the recipient does not have a Place of Establishment or a Fixed Establishment in the UAE, and is not registered or required to register for VAT in the UAE.
5. The recipient of the Exhibition and Conference Services has not paid the amount of VAT to the Supplier.

Where the conditions above are met, the Supplier of Exhibition and Conference Services can request the refund of VAT charged on the supply of the Exhibition and Conference Services on the Supplier's VAT Return which relates to the Tax Period in which the date of supply for the Exhibition and Conference Services was triggered. The amount of the refund requested must be either equal or less than the VAT charged on the supply of the Services.

Before being able to utilize the refund scheme, a Supplier must be licensed in respect of the scheme.

The following scenarios apply:

	If the Service supplied by the Supplier is...	then...
A	the grant of the right to occupy space for the purposes of conducting an Exhibition or Conference...	the Supplier must be registered with and licensed by the FTA. This licence will be issued for a period of one year .
B	the grant of the right to access, attend or participate in an Exhibition or Conference...	the Supplier must request for a licence to be able to provide such rights for a specific Exhibition or Conference . Further, the event permit must be issued for the event before being able to apply for the licence. This licence will be valid for that event only .

3.3. Who is eligible to be licensed under the scheme?

Eligibility criteria is specific to the scenarios above and is mentioned in detail in **section 4.1** in this document.

3.4. When can a VAT refund be provided to customers?

Assuming that the conditions are met, licensed Suppliers should not collect VAT on the relevant Exhibition or Conference Services from their customers at the time of supply of these Services.

Since the Suppliers will be able to claim the VAT refund equal to the output VAT charged on the Services, there will be no VAT cost to the Suppliers from not collecting the VAT from customers, whilst also providing the customers with immediate VAT refund.

4. The Licensing Application

4.1. Eligibility criteria

Eligibility criteria differs based on the scenario as per the following:

Scenario A: The Supplier is applying for a licence to grant the right to occupy space for the purposes of conducting an Exhibition or Conference. This applies for example to hotels and companies in the UAE who rent space for events.

- The Supplier must be registered for VAT with the FTA.
- The Supplier must have a place of residence in the UAE.
- The Supplier is in the business of renting out space for exhibitions or conferences.
- The Supplier must have a valid trade licence issued by the competent authority where the commercial activity section is in line with the above-mentioned business.
- The Supplier owns space for exhibitions / conferences, or has authority to rent or operate space for exhibitions / conferences.
- The Supplier's venue is registered with the competent authority for the purpose of ensuring that the venue meets minimum requirements to host an exhibition / conference.

Scenario B: The Supplier is an event organiser and is applying for a licence to grant the right to access, attend or participate in an Exhibition or Conference. This applies to local and international event organisers which sell tickets to non-UAE residents.

- The event duration is seven days or less.
- The Supplier has obtained an event permit from a competent authority.

If the Supplier is a resident (local) organiser:

- The Supplier must be registered with the FTA.
- The Supplier must have a valid trade licence where the commercial activity section is in line with the event management and organisation industry/ sector/ business.
- The Supplier must be registered with the concerned competent authority as an organiser.

If the Supplier is a non-UAE resident (international) organiser:

- The Supplier must provide the proof of establishment in an overseas jurisdiction.

4.2. Documents the Supplier should provide to FTA

Scenario A

The Supplier must complete and submit to the FTA the 'Supplier's Licence Request Form to Grant the Right to Occupy Space' which is available on the FTA website, along with the following supporting documentation:

- Copy of the valid trade licence.

Notes regarding the trade licence:

- The document should be issued by the Department of Economic Development.
- Trade name should be the same as the Supplier name.
- Trade licence should be valid for at least **one** month from the date of applying to the FTA. If valid for less than a month, evidence of re-applying should be submitted together with the existing trade licence.
- Commercial activity section should be relevant to the business type as per the eligibility criteria.

- Venue registration proof issued by the competent authority. This can be a certificate or an email confirming the registration and includes the registration ID. If this is not available then the following must be submitted:
 - Use permit of the area.
 - Layout drawing (plot plan) of the conference / exhibition space which will be rented out. This will include the location, dimensions and size of the rooms.
 - Business profile document.

Notes regarding the business profile document:

- The description of the business profile must be similar to the commercial activities section and in line with the business type as per the eligibility criteria.
- The document must be signed by the authorized signatory.

- Provide three examples on the events facilitated/ hosted/ organized. Details should include name of events facilitated, purpose of events, date of events, size of events (number of attendees). These can be included in the business profile document or mentioned in the licence form.
- Copy of the passport or Emirates ID of the authorised signatory.

Scenario B

The Supplier must complete and submit to the FTA the 'Licence Request Form for Event Organiser to Grant Access to Events' which is available on the FTA website, along with the following supporting documentation:

- Copy of the event permit provided by the competent authority.
- Sample ticket which illustrates the ticket price and event name (if available).
- Copy of the passport or Emirates ID of the authorised signatory.

Furthermore, the following documents will need to be provided depending on whether the applicant is resident or not resident in the UAE:

- If the Supplier is a resident:
 - Copy of valid trade licence.
 - Copy of a valid organiser registration certificate provided by concerned competent authority.
- If the Supplier is a non-UAE resident:
 - Proof of establishment (e.g. a certificate of incorporation).

5. How to apply to the FTA to be a Supplier for Exhibitions and Conferences Services

Download the relevant form (as referenced in **section 4.2**) from the designated section on FTA website or on e-Services. Fill the form and send it along with the supporting documents to the following email Exhibitors@tax.gov.ae

Licence requests sent to other FTA email addresses will **not** be processed.

6. Processing the Supplier's application by the FTA

- It will take the FTA up to 20 business days to review the application. The Supplier will be notified of the results.
- If accepted, FTA will issue the licence within 5 business days and will send it by Email.
- Licence validity depends on the scenario that applies:
 - If **scenario A** applies, the licence will be valid for **one year** and subject to renewal.
 - If **scenario B** applies, the licence will be valid for **the specific** Exhibition/Conference only and cannot be used for other events.
- The licence will be provided in letter format and will be stamped by the FTA.
- The FTA will not charge a fee for such a licence.

7. Licence Renewal (applies to scenario A)

7.1. When should the Supplier apply for renewal?

The Supplier should apply for licence renewal one month before the expiry of the licence.

7.2. How to apply for licence renewal

The applicant should apply for renewal using the same form as for the original application.

NOTE: In the case that the Supplier's **trade licence is expired**, the Supplier must email the FTA for notification on trade licence expiry and provide FTA with the updated trade licence.

7.3. Penalties for expired licences

If a Supplier fails to notify FTA regarding the expiry of the licence and to apply for renewal, while continuing to provide Services without collecting and accounting for correct VAT, the Supplier will be liable to pay the tax due and subject to the normal applicable penalties.

8. Providing VAT refund on Services supplied to International Customers

Before being able to supply Services to International Customers under the refund scheme without collecting VAT, the Supplier must obtain a number of documents from the customers.

8.1. Documents to be collected from International Customers

The Supplier should collect from the International Customer a declaration which states that the International Customer:

- 1) does not have a Place of Establishment or a Fixed Establishment in the UAE; and
- 2) is not registrant or required to register for VAT in the UAE.

To ensure that there is no uncertainty regarding the usage of any declaration, the declaration should also provide the details of the parties and Services to which it relates.

A template declaration is provided for this purpose in **Appendix 3** of this Guide and on the FTA's website which includes:

- Details of the parties;
- The summary of Services requested;
- Details of the Exhibition/ Conference;
- Relevant declaration statements.

8.2. Processing the request by the Supplier

The Supplier must receive the declaration letter from the International Customer and supporting documents (if any) before applying the VAT refund scheme. Where the conditions for the VAT refund are met, the Supplier must:

- 1) Retain the original declaration provided by the International Customer.
- 2) Provide the International Customer with a tax invoice. The invoice should charge applicable VAT and refund the same amount (or less) stating that the supply falls under the special VAT refund scheme.
- 3) Not collect VAT from the International Customer.
- 4) Report the VAT charged in respect of the Services as output tax in the relevant Tax Return. In the same Tax Return, the Supplier should claim a VAT refund of the amount of VAT charged. For more details on filing the return, refer to **section 9** in this document.

8.3. Record Keeping

The parties should retain records of all of the documentation issued and received under the scheme for the period of **five years** from the end of the tax period in which the licence expired.

9. Filing Returns by the Supplier to the FTA

Where a supply of Services falls under the scheme, VAT is still charged on the supply, but not collected from the customer. Therefore, the Supplier is still required to report the VAT collected in the Tax Return which relates to the date of supply of the Services.

In addition, the Supplier may request a refund of the VAT collected on the provision of Exhibition and Conference Services in the same Tax Return (i.e. in the Tax Return which relates to the same Tax Period in which the date of supply of the Services was triggered).

The refund amount shall be **equal** or **less** than the VAT charged on the supply of the Services, and should be claimed in the adjustment column for the relevant Emirate in Box 1 of the return.

10. Registration requirements in the UAE for International Customers

The VAT refund scheme described in this guide only applies where the relevant Services are provided to customers who **are not resident** in the UAE and **are not registered or required to register** for VAT in the UAE. Therefore, the ability to receive the refund will be lost if the customer is required to register for VAT in the UAE – which could happen, for example, if the non-resident customer started making supplies in the UAE.

Thus, the International Customer may be selling goods / services during the Exhibition or Conference. This triggers an obligation for the Customer to register for VAT and account for VAT on the supplies, therefore making it ineligible to obtain Exhibition and Conference Services under the VAT refund scheme.

For example, where the non-resident event organiser is selling tickets to resident and non-resident customers, the international event organiser must register with the FTA and collect VAT from the UAE residents. A licence will still be provided to the non-resident event organiser to be able to provide VAT refund to the non-resident customers. However, due to the VAT registration, the non-resident event organiser will not be able to receive a VAT refund themselves in respect of any space provided to them by a licensed hotel, but such VAT may then be deducted on their VAT return.

Note: there is **no minimum threshold** for non-resident suppliers of goods and services in the UAE – that is, such suppliers may be required to register for VAT if they make any taxable supplies in the UAE.
