

**Komil Ahmetov**  
Associate Director, Business Consulting

steven.ireland@ae.gt.com

Komil has over ten years of experience in advisory. He has worked with large conglomerates, operating within various sectors within the CIS region and more recently the Middle East.

The breadth of his experience covers internal controls, feasibility studies, enterprise cost reduction, financial modelling, IFRS and IPSAS compliant, processes and procedures development, strategy development and organizational design, performance management and business processes reengineering, business transformation and sector studies to name a few.

Komil has worked with the World Bank in Kazakhstan and analyzed industries within the country. He was the World Bank's consultant in negotiations with the Government of Kazakhstan.

Komil has also worked with the Kazakhstan Ministry of Finance and the Islamic Development Bank to lead strategic projects to further benefit the client and wider economy. Additionally, Komil led a public practice within one of the big audit firms helping the Governments of Central Asia to achieve public objectives in various branches of their economies.

During his time at Grant Thornton, Komil has led a diverse team of professionals who continue to develop under his mentorship and technical perspicacity.
